MYP Personal Projects in Grade 9 & 10

The Personal Project is the culminating task of the MYP: a 10-month long process in which students select, plan, implement and reflect on a project of their own interest, that celebrates their journey as learners during in this IB programme.

On Wednesday 3rd June (next week!) our Grade 10 students will present their Personal Project Showcase in the school foyer. Because of social-distancing requirements, our students themselves will not be present, but all three elements: Process Journal, Product and Reflective Report will be on display.

All Grade 9 students have had their first meeting with their mentor, and will have on display their Poster of intent. These represent their initial ideas about their project, how it will be embedded in one of the six MYP Global Contexts, how they plan to assess their planned products and their timeline. These posters will be on display on the glass window outside Principal's Office.

Their next meeting with their mentor will be after the summer break.
