Grade 6 students will be vaccinated against measles, mumps and rubella. Grade 10 students will be vaccinated against diphtheria, tetanus, pertussis (whooping cough) and polio.

Please complete and return the permission slip which you have received earlier by email by 10 January 2022. If you have any questions, please contact the MYP nurse directly. Please find her contact details below.

Semester 1 report cards

14 January marks the end of the first semester this academic year at GIS. As usual, we will publish report cards for all students on the last day of term. The cards will be available via ManageBac and parents will receive a notification email when the cards are available. Report cards are yet another window into your child's learning as well as an opportunity to talk about and celebrate learning.
