

# GIS NEWSLETTER

29 March 2022

Gjøvikregionen International School  
Studieveien 17, 2815 Gjøvik  
Tel: +4724076141  
Email: [post@gjovikis.no](mailto:post@gjovikis.no)

## CC løpet 2022

CC Løpet 2022 will take place on 14<sup>th</sup> May from 11:00am to 2:00pm. It is a 3-kilometre run in the centre of Gjøvik, in which participants can win 25000NOK. Participants can register individually but also as a team. Therefore, it is also an opportunity to meet and have fun with friends. As you may remember, GIS registered a team in 2019. This year, we would like to register a team too. Please let us know if you would like to join the team by **8 April (this Friday)** by emailing Mr Armanski at [adam.armanski@gjovikis.no](mailto:adam.armanski@gjovikis.no) The school will cover the cost of the registration fee and if the team is lucky to win the prize, the money will buy us more books.

## PYP Student-led Portfolio Conferences

We would like to thank all PYP parents who attended today's conferences. We hope the conferences were an opportunity for you to see your child's learning from a different perspective. It was wonderful to see parents in classrooms again and we hope this happens more frequently.

## MYP Parent-teacher Conferences

MYP parent-teacher conferences started today and continue tomorrow (6 April).

MYP teachers are available by appointment from 3:30pm to 6:00pm on 6 April. Like in October last year, conferences have been pre-booked with relevant teachers if an area of concern has been identified for a student. The parents of the remaining students were not required to attend conferences.

## Summer Science Camp

If you are looking for ideas for activities for your child for the last week of June, you may want to consider enrolling your child in a science camp offered by Forskerfabrikken, which will take place at GIS. Please see the attached leaflet for more information.

## Survey

**Help Abelia and NHO to gain important knowledge about International Schools role in Norwegian society**

Abelia and NHO are conducting a project where the purpose is to gather knowledge about the importance of international schools in Norwegian society. A major part of the project is a survey where the target group is highly skilled experts with children currently attending international schools.

We kindly ask that *only one* from each household answer the questions in this survey on behalf of the entire household.

**Only answer this survey if:**

- you have children enrolled in an international school in Norway
- you/your partner are foreign citizens living in Norway for work OR a Norwegian citizen that has lived abroad or are planning to work abroad in the future
- you/your partner possess a desired skill set/competence for employers in Norway

**Estimated time for the survey is 5-10 minutes. The survey will close in two weeks.**

**More information about the project can be found in the attached letter.**

Thank you in advance for your time and participation in this survey!

Click the following link to open the survey:

<https://nettskjema.no/a/246519>

**SFO**

This is to remind you that we still accept applications for children to use SFO next academic year. You can access the application form [here](#).

## School support contact details
